

UX DESIGNER | FRONTEND DEVELOPER

Experience

Let's Design for You, LLC ● web designer/developer

Yorba Linda, CA May 2019 – Present

I created and updated websites using WordPress, PHP, jQuery, JavaScript, HTML, Bootstrap, CSS & Adobe Photoshop.

Freelancer ● full stack developer

San Diego, CA 2010 - 2019

I designed many websites for different individuals such as the transportation, beauty bar, HVAC, cooking, translator, advertise and music related businesses. I Converted the PSD to HTML documents, created and updated websites (JavaScript, HTML5 and CSS), designed the UI layouts (Photoshop, Bootstrap and CSS3) and created the database instructions. (Microsoft Access, SQL).

IranCell CO ● web designer/developer

2006 - 2009

I migrated the previous company website to the newer version one, created & updated websites (JavaScript, HTML and CSS), designed banners, logo and animated ads(SwiSH Max & Photoshop), implemented creative solution for internal applications.

Tablosaz INC. ● graphic designer

2006 - 2006

I designed the logo, pattern, signs and posters (Adobe Photoshop and CorelDRAW).
